## Principals message.

Hello Cargo families,

Well, Term 3 has flown by and students at Cargo Public School have been so busy and achieved so much.

**Excursion:** Gold! Run at us! All students and staff will be heading off to Bathurst Gold Fields for a day excursion this Friday. A note went home Tuesday with all information, please contact the school if you have any further questions. I planned this excursion so we could find a massive nugget. Which would help us build an indoor pool area at the school, a luxurious teachers lounge area and personal butler for each student and staff member. I feel that is pretty reasonable and not too much to ask. So, kids, pan your heart out.

**Data:** Ahhhh, the magic 4 letter D word teachers and executives love to toss around. Well, let me throw some data your way. Since week 4 this term, negative behaviours recorded have dropped 75%, 50% of the student cohort has received a Merit Award for results academically or behaviourally. Suspensions have dropped 100% and the feeling and culture of the school has improved 100%. Every day I work, play and speak with all students, who are happy and proud to be here at Cargo Public. I work with dedicated staff who have adapted to the changes in an infectious positive manner. These people are the ones who have created the safe and wonderful place for your child to play and learn. Along with you amazing parents, thank you all for a fantastic term 3. Please be safe in the holidays.

Greg

## Upcoming Events

### Term 3

**Thurs 22 Sept—Public Holiday**

**Fri 23 Sept —Last Day Term 3**

**Fri 23 Sept— EXCURSION TO BATHURST GOLDFIELDS.**  
Leaving at **8am** from school

### Term 4

**Mon 10 Oct—Kids & Staff return to school Term 4**

**THURSDAY 20 Oct—8 Dec—Swimming lessons**

**Friday 4 Nov—Colour Fun Run Don't forget to keep fundraising for our Colour Run**

**Friday 16th Dec—Kids last day school**

### Last day of Term 4 2022

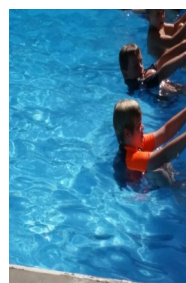

This year our school opted to return to school a day early in term 2, instead of having the staff development day. This allows the children to finish school on Friday the 16th December rather than Monday 19th. Please keep this in mind if your working and require child care.

**Mufti / PJ Day:** Students have been on-task and safe all term, earning fast and frequent ticket rewards for any positive choice made at school. Their challenge was to fill the Principal Jar to receive the mufti / PJ day reward day. It was a tight race before the end of term, but their good choices prevailed. Reaching the target in week 9 and enjoying an awesome Monday Mufti day this week. It was 'oodie' central in Cargo, including a very comfortable Mrs Simons and Mrs Stanbury. A fantastic achievement that came from a massive amount of positive behaviour and great choices by students. Well done kids.

### **BIRTHDAY wishes to:**

Marli on 25th September

**Cargo P&C running BBQ for Autobarn's 'Sunset Car Meet' on 7<sup>th</sup> October.** Any parent help appreciated between 6-8pm. Contact Belinda

## Reminders

**Be at school by 7.50am Friday morning** for the bus to leave for Bathurst Goldfields

We will return at 4pm to school for pickup

**Swimming lessons in Term 4**

Every Thursday ONLY.

Notes & money due back week 1 Term 4

# Cargo Primary Newsletter

Miss Rosser's Room

Our primary students have been working really hard all term and have earned a well deserved break as term three draws to a close.

Our class have entered four art categories in the Canowindra Show which will be open this Friday and Saturday. We have also completed our Country Women's Association projects, and will have these on display early next term for judging.

As a special treat, our class enjoyed watching the movie 'Charlie and the Chocolate Factory' yesterday as they have been studying the novel for our quality text this term.

We are looking forward to our end of term excursion to the Bathurst Goldfields on Friday.

Wishing all families a very safe and happy holidays.

See you in Term 4!

# Cargo Infants Newsletter

Mrs Simons & Mrs Hughes Room

Our Maths and Science brains have been working overtime in the Infants classroom this week. We have been working to understand more about multiplication in Stage 1 and for Early Stage 1, collect data to then draw up in a graph. Our students love using 'concrete materials' as part of their investigations, which means that they get to touch, move and physically be part of the learning experience. The results have been amazing and we hope you liked seeing our Egg-Drop Challenge video.

This week our book has been about a monster, and students continue to amaze me with their progress and confidence in writing all types of texts. We have also been writing our own group story of "Why the emu can't fly" with respect to the Dreamtime and Indigenous stories. We will share this on the school Facebook page soon.

Mixing paints with pencils, crayons and lots of colour, Mrs Hughes has been creating amazing art pieces with students
