Term 4**

Principal's Message

Thank you to all our family members who were able to join us for open classrooms and morning tea last week. It was exciting to hear students sharing their learning and achievements with such enthusiasm.

Science Week: Week 5 is Science Week and we would like to invite all family members to our science rotations from 11:30 - 1:30 pm on Wednesday 16 August to take part in fun experiments and investigations. Afterwards, you are encouraged to join our students for a BBQ lunch from 1:30 - 2:00 pm.

Manildra STEM Day: Students will be attending the STEM Day at Manildra Public School on Friday 25 August to support high potential and gifted students by providing opportunities to excel in science, technology, engineering and mathematics. All students will participate in collaborative workshops throughout the day to explore their skills in these areas.

Touch Football Gala Day: Our Year 3-6 students have been invited to participate in a touch football gala day at Spring Hill PS on Wednesday 30 August. Students will travel by bus to take part in the event and demonstrate the team work and resilience skills that they have been working on this term.

Book Week: Cargo PS will be celebrating book week in Week 8 with our main event being held on Friday 8 September. Parents and families are encouraged to join us for breakfast from 8:30 am. We will hold a special book parade for students to dress as their favourite character. Please come along and have a look at the amazing books that will be on display in the school library for students to purchase or donate to the school library. For every purchase made, you go into the draw to win a free book!

OSSA Spec: Students will be working with an instructor from Alikinetic Dance during sessions on Mondays this term to rehearse a rock and roll dance routine. Cargo students will perform their item with other small schools at the OSSA Spec on 14-15 November at the Orange Civic Theatre.

Enrolments for 2024: Planning has commenced for Kindergarten Transition for students turning 5 years old on or before July 1, 2024. If you are aware of anyone considering enrolling students at our school, please ask them to contact the office to book in for a tour and to receive an enrolment information pack.

Assembly: Our next assembly will be held at 9:00 am on Friday 18 August. All family members are invited to attend and celebrate student effort and achievement.

Peter Chase
Principal

K-2 Maths

Today we are counting packets of pumpkin seeds using counters. First we estimated how many pumpkin seeds are in each pile. Then we organised our counters into packets of 10 and counted the loose counters. I made 10 frames to organise my 85 pumpkin seeds.

by Rhys, Year 1

Year 3-6 Speech

We have been doing speech sessions with Michelle every Tuesday. We are learning to improve our speech and sentences. This week, we played barrier games where we describe people and places in a picture to our partner and they listen to recreate the picture.

by Jake, Year 5

Education Week

Last week lots of families came to our school to visit our classrooms. My Mum helped me to make an ant using paper and colouring it in.

At recess, we all had morning tea together. I had lots of watermelon which is my favourite. After play time my Mum had to go home.

by Lilly, Year 1

Life Education Van

We all had fun with Chris and Healthy Harold in the Life Education program! We did lots of puzzles to figure out where different organs are in our bodies.

We learned how to be good friends and how to speak respectfully to each other. It is important to let other people choose what they want to do to make sure that everyone has fun.

by Nate, Year 4
